

The Third International Workshop on Biomedical Imaging (Fukui-2004)

Date: December 12th-14th, 2004

Sunday, December 12.

Registration

Evening Yours Hotel Fukui

Monday, December 13.

Opening

9:00-9:10 Y. Fujibayashi

Introduction

9:10-9:30 Y. Yonekura

Keynote Lecture

9:30-10:00 H. N. Wagner, Jr.

10:00-10:15 *break*

Session 1

10:00-10:55 M. J. Welch Collaborative Research in the Division of Radiological
Sciences

10:55-11:35 M-C. Lee Current Trends of Research Activity in Nuclear Medicine
in Korea

11:35-12:15 J. G. Gelovani TBA

12:15-1:30 lunch break

Session 2

1:30-2:10 Y. Fujibayashi Molecular Imaging Research in University of Fukui

2:10-2:50 J-K. Chung Molecular Nuclear Medicine Using Sodium/Iodide
Symporter Gene

2:50-3:20 break

Session 3

3:20-4:00 H. F. Kung TBA

4:00-4:40 TBA TBA

4:40-5:20 TBA TBA

Poster session

5:20-7:00 Yours Hotel Fukui, Room "Kiku"

Banquet

7:00-9:00 Yours Hotel Fukui

Tuesday, December 14.

Session 4

| | | |
|------------|--------------|----------------------------------------------------------------------------------------|
| 8:30-9:10 | B. A. Siegel | Demonstrating the Effectiveness of PET via Multicenter Clinical Trials: The Challenges |
| 9:10-9:50 | G. C-L. Ho | ¹¹ C-Acetate PET Imaging in Liver Cancer --- From Large to Small Lesions |
| 9:50-10:30 | R-C. Liu | ¹¹ C-Acetate for PET Tumor Imaging |

10:30-11:00 break

Meeting

| | |
|-------------|------------------------------------|
| 11:00-12:00 | Discussion for Consortium Building |
|-------------|------------------------------------|

Closing

12:00-12:10

BIRC visiting tour

1:00-3:30
